

# 900/950 Swing Door

## For Remodeling and New Construction

**Energy Efficient and Maintenance Free.**  
**Available in Single Door, Garden Door or French Swing Door**

Superseal Series 900/950 Vinyl Swing Door is built to meet the needs of new construction and replacement applications. The Swing Door can be ordered as an in-swing or out-swing model for ease of space and design configurations and carries an impressive DP-50 rating, which offers unmatched strength and performance under the harshest conditions.

The Series 900/950 Swing Doors are manufactured from virgin vinyl compounds that insure a maintenance free, high strength door. The multi-hollow, fusion welded design adds structural integrity to resist warping, bowing and twisting. The unique "rain shed" weatherstripping design, full height gear hinge and the addition of our warm edge spacing system make the Series 900/950 Swing Door energy efficient and practical.
